

**For Immediate Release
October 2, 2020**

BEDMINSTER TOWNSHIP - As a consequence of the President's report of a positive COVID-19 test, the Somerset County Department of Health, which is Bedminster's contracted health agency, has initiated contact tracing and is looking to identify close contacts and potential exposures at the fundraising event held Thursday afternoon at the Trump National Golf Club. Bedminster anticipates full cooperation from the Trump Organization and from all those who attended the event. The information disclosed during contact tracing remains confidential. The County Health Department will advise the town on the progress of its investigation.

Bedminster Township wishes the President and the First Lady, and all who are affected with COVID-19, a full and speedy recovery.

As always, in accordance with federal and state recommendations, please practice social distancing, wear a mask, and wash your hands.

Larry Jacobs
Mayor
